

A Review of the Groovy Donuts Doughnut Shop

By: Caroline C.

Third Grade, Glencairn Elementary

Do you like high quality doughnuts? If you do, I've got the place for you: Groovy Donuts.

Groovy Donuts is a doughnut shop. It has high quality doughnuts that are pretty expensive. One doughnut costs about \$2. That is my only complaint, but it is worth it because they are really delicious.

Groovy Donuts is better than Quality Dairy. Quality Dairy is cheaper, but Groovy Donuts is much better. So, you should go to Groovy Donuts rather than Quality Dairy.

When I walk into Groovy Donuts, I can smell the doughnuts. I love it. Also, when I walk in, I can see the doughnuts right away in their big case. I also love that.

Groovy Donuts has lots of types of doughnuts like red velvet, vanilla, chocolate, plain and a special doughnut called the Groovy Doughnut. The groovy doughnut has lots of different flavors of frosting that they spread on top. Its flavors are banana, strawberry and more.

There are different sized boxes. You can get a small box or a big box, but it depends on how many awesome doughnuts you want. If you want some coffee you can get some there too.

The line is never too long. I also like Groovy Donuts because sometimes on holidays they give you a treat bag with your order. For example: on Halloween I got a bag with gummy worms and candy corn inside. Yum!

If you don't go to Groovy Donuts you will be missing out on the world's best doughnuts. So, get to Groovy Donuts fast because your favorite doughnut may run out fast.

If you want to know, my favorite doughnut is the groovy doughnut, which was the one I told you about earlier.

Groovy Donuts is located near Donley Elementary School, which is on Lake Lansing Road in East Lansing, Michigan. There is also one in Williamston.

Groovy Donuts has lots of flavors of doughnuts and they run out fast. So, get to Groovy Donuts fast!

I rate Groovy Donuts 4.5 out of 5 doughnuts. If you want mouth-watering doughnuts, Groovy Donuts is the place for you!
