Me and my mom were at the airport and I was about to go to see my dad so I got on the airplane. Soon after the airplane lifted off. I flew over a forest and out of nowhere the pilot had a heart attack! I had to do something I thought to myself. The reason I wanted to go see my dad is that I wanted to see him since I haven't seen him for years . It is so hard for my mom to buy all of my clothes and get all the food.

"Ahhhh!" I screamed The plane is going down and I don't know how to fly a plane. I tried to steer the plane but failed. I read the manual but I don't get it at all, sudenly the plane CRASHES! I landed and I got out my phone but ITS DEAD! I STARTED to panic. I just don't know what to do, I'm just so confused it's so hard to see my dad. Now I guess I am going to walk the rest of the way or run.

I prefer to walk then run because it tires me out faster. And we can go get another horse so you can ride one so we don't half to walk we can ride a horse so we went to get another horse and my dad named it reeses and so we left to go home but i rememberd that when i flew here i saw a ocean so i told dad that we will half to leave are horses so we can swim unless there is a boat that me dad buttercup and reeses can fit on it then we half to leave both of them on the shore

so that they don't sink in the water and drown in the water so let's hope that there's a boat that can fit all four of us can fit on five hours Later,dad the horses are tired and they need a break. Ok, let's stop for the night because i am tired to .
